- June 2013 - June 2015. PMI, Capítulo Guadalajara. **Webmaster** (volunteer).
- April 2012 - June 2013. Grupo Calipso S.A. **Business Analyst Team Lead.**
I was responsible for project testing of billing over Oracle Database 11g which allowed us to share our product with the clients of RDBMS (Telecom). I was in charge of the quality control activities over two important stages of the product: development and integration, allowing us to deliver our product without any defects. One of my responsibilities was to observe and report the director the state of our project and recommend any actions that could help to prevent problems from arising throughout the development. I compiled progress reports, informed customer of development progress, developed flowcharts, maintained the issue tracker, applied test environments for Development and Integration, wrote manuals and scheduled reports.

- May 2011 - January 2012. I.T. Resources S.A. **Java Developer**.
Between May 2011 and January 2012 I have been working for the consulting firm ITR in a Java Developer role, being responsible for the running of Human Resources portal OSPIM-UOMA, cutting down on charging data time significantly. I took part in improvement of the processing system of transit fines of BOLDT.
- October 2010 - April 2011. MK Mobile S.A. **Java Developer**.
I developed and implemented home banking applications for BlackBerry.
